Bar Guide

SPRING 2021

Welcome

To help you make an inspired choice when with us, everything in green is from the UK.

We are committed to supporting great local suppliers and hope this also inspires you in your future buying decisions.

This approach flows money directly back into the local community, creating jobs, pride and a smaller carbon impact on the environment.

After the pandemic this is more needed than ever before.

If you would like a glass of wine, our extensive Wine Guide has a long selection of wines by the glass, many English. We are proud to have the largest selection of English wines in the country. If you would like to see it please ask.

We hope you enjoy your time with us. Whether it's for just a few hours or a few days, we hope you will leave feeling a little bit happier and more inspired to buy British.

THANK YOU FOR SUPPORTING US AND ALL OUR LOCAL SUPPLIERS.

Wines by the glass

Our Wine Guide offers 50 wines by the glass, 15 of which are English. Please ask to see one.

We offer so many wines by the glass, particularly English wines, in a hope that you will try one, perhaps for the very first time.

I am a passionate supporter of the English wine industry and am often frustrated how poorly under represented English wine is on so many restaurant lists. Not here!

We are constantly tasting new English wines to try and keep up with developments. Suffice it to say it is only getting better and better.

Although our climate still makes the production of English red challenging, we make some exceptional whites, both sparkling and still.

Since we started to champion English wine some 3 or so years ago we must have poured a glass of English wine for over 25,000 people and that fills us all with an enormous amount of pride.

Hot drinks

Our coffee is from Musetti. A family run business, established in 1934. A blend of 85% Arabica to 15% Robusta, it is slightly floral with a hint of dark cocoa and medium bodied.

We source our tea from Tea Pigs, not only do they make a lovely cup of tea but they also have admirable eco-credentials being the first tea company to be awarded the [Plastic Free Trust Mark](#).

We make our own hot chocolate using Willie's 52% single estate chocolate, 70% grated dark chocolate, raw cane sugar and fresh local milk. It's amazing.
